**Date:** April 26, 2015

**Release Date:** Immediate

## **REMINDER THAT SEASONAL LEAF PICKUP IN THE CITY OF ST. JOSEPH ENDS APRIL 30<sup>TH</sup>**

(ST. JOSEPH, Mich.) St. Joseph Public Works implemented a new schedule for both brush removal and leaf collection as noted in the 2015 city calendar, again in the March/April newsletter, "*City Connection*", and information is posted on the city web site ([sjcity.com](http://sjcity.com)). Leaf pickup commenced on March 15<sup>th</sup> and Thursday, April 30<sup>th</sup> will be the last day for leaf pickup in the city until fall. Leaves are typically collected from the curbside using a vacuum truck, which does not accommodate twigs, brush or other yard waste.

Fall pickup will reconvene October 12<sup>th</sup> through November 30<sup>th</sup>, weather permitting. For dates outside spring and fall pickups, residents must use their yard waste containers to dispose of leaves.

For more information, please visit the city website or direct your question to City Manager Richard Lewis by emailing him at [rlewis@sjcity.com](mailto:rlewis@sjcity.com) or calling the Manager's office at 269-983-5541.
