  - Look for orange notices

**ABONMARCHÉ**  
Engineering • Architecture • Land Surveying

### CONSTRUCTION NOTICE

Wallace Avenue Reconstruction Project  
Roadway Removal

We anticipate these activities will occur on the following dates:  
Starting June 11th, 2018

---

Due to utility construction / emergency repair, you may / will experience water service interruptions today. Service will be restored by the end of the day. Please run an outside faucet before using an inside one to remove any possible debris from your water service.

The street will be closed to through traffic. We will maintain access to your property whenever possible. If you cannot use the street, park on the nearest cross-street. Police have been notified.

You may not be able to get into your driveway for approximately \_\_\_\_\_ due to utility construction.

The contractor will be removing pavement / sidewalk / drive approaches along your street.

We will pour concrete at your driveway approach. Please do not use your drive for \_\_\_\_\_ days after it is poured to prevent damaging the new concrete.

The city will be paving your street. There will be short periods of time when you can't use your driveway. Please do not drive on the new asphalt until it has been compacted by the roller.

Your curblawn has just been reseeded. To make sure that the lawn gets a good start, please water at least twice a week. Mow when grass reaches 3" in height.

Anticipated Construction Impacts:  
The Wallace Avenue Reconstruction Project will be starting Monday, June 11th. Pavement, driveways, and some selected sidewalk from the Lakeshore Dr intersection to east of Lakeview Ave will start to be removed. Updates will be provided when access may be limited to your property.

*If you have any questions, please call the Project Engineer at:*
